Incomplete Application Notification

DEAR ROD R STEWART :

The California Student Aid Commission (Commission) has reviewed information received from the federal processor and your school: your 2004-05 Free Application for Federal Student Aid (FAFSA) and your verified Grade Point Average (GPA). Unfortunately, the application data we received was incomplete as of the date of this letter. Your FAFSA did not have sufficient information to calculate an Expected Family Contribution (EFC). Therefore, the Commission did not award you a Cal Grant. However, there is still time to provide the missing information to qualify you for a Cal Grant and other financial aid for college.

Please review your most recent Student Aid Report (SAR) to verify all information and confirm that an EFC was calculated for you. Your EFC will be located on the SAR under "Part 1-Information Summary" in the top right hand corner under the date. Any numbers, including zeros, located after the letters "EFC" indicate that an EFC has been determined for you. If there are no numbers, you must submit a correction to the federal processor IMMEDIATELY. If you corrected your SAR recently, the Commission may not have reviewed those changes prior to the mailing of this letter. Consequently, further action may not be necessary to correct your EFC information.

Instructions on how to make corrections are listed on your SAR. If you are not clear on how to make corrections, you can call the Federal Student Aid Information Center at (800) 433-3243 or consult with the financial aid office at your institution.

The Commission reviews corrected FAFSA information frequently and notifies students eligible for a Cal Grant award on an on-going basis.

Please contact the Commission if you have questions about your Cal Grant eligibility or Cal Grant award decisions. You may email us anytime at custsvcs@csac.ca.gov or you may call the Commission's Customer Service Representatives at 1-888-224-7268. Entitlement Application Notification

DEAR JULIE M COLLINS :

Thank you for your application for a Cal Grant. Unfortunately, the California Student Aid Commission (Commission) is not able to process your application or make an award to you at this time due to uncertainty about the state budget for 2004-05. Proposals to reduce state budget costs include reducing the income ceilings for the Cal Grant programs which may make you ineligible for an award. In addition, there are proposed revisions that may impact the Cal Grant award amounts.

Once the budget is signed, we will notify you of the final status of your Cal Grant application. Should you be eligible, you will receive an award letter. Your financial aid office will also be notified of the award since it may require some adjustment in your financial aid awards at the institution.

If you have not already done so, you should review the 2004-05 Student Aid Report (SAR) that you received to ensure that all information was reported accurately. Follow instructions on the SAR to submit any corrections. You may also contact the financial aid office at the campus that you plan to attend for assistance in making SAR corrections or reporting significant changes in the financial circumstances of your family.

The Commission thanks you for your patience and wishes you every success. We regret any inconvenience the uncertainty about your eligibility may cause you.

DEAR MEGAN D PEPPER :

The California Student Aid Commission (Commission) has reviewed information received from the federal processor and your school: your 2003-04 Free Application for Federal Student Aid (FAFSA) and your verified Grade Point Average (GPA). Unfortunately, you will not be awarded a Cal Grant. Cal Grant awards are based on a score from your FAFSA information that takes into account your family size, income, assets and other circumstances. Cal Grant legislation authorized 11,250 Cal Grant A and B awards for this competitive cycle. All 11,250 Cal Grant awards have been issued to qualified applicants for the 2003-04 academic year. The reasons you will not be receiving a competitive Cal Grant are detailed below. Please read the enclosed information sheet for a more detailed description of why you were denied.

If you plan to attend a California Community College this fall, you have another opportunity to compete for a community college Cal Grant. You will be considered for an award if you are enrolled at a community college by September 2nd.

This notification does not affect any other financial aid you may be receiving. The Commission recommends that you contact the financial aid office at the school you plan to attend in 2003-04 and inform them that you will not be receiving Cal Grant funds. They may be able to assist you in identifying other sources of financial aid that are available to you, including federal and college grants, scholarships, loans and work-study.
